

# 2016 Gateway Mission Center Campership Report

## *Camping Scholarship Policy Statement*

*Fall 2015*

### ***Preface***

*The purpose of this policy statement is to serve as a guideline that will assist camp and reunion directors, as well as congregational leaders, as they are asked to make scholarships available to individuals and families who want to participate in the camping programs of the Gateway Mission Center (GMC). Rooted in the belief that being equitable means that situations and circumstances are measured individually, it is not intended that this document replace the judgment and insight of leadership in reviewing scholarship requests.*

### ***Policy Tenants***

*.... An annual report shall be prepared by the Mission Center Financial Officer Team for the MC conference indicating the number of scholarship requests received during the year, and the number granted. The intent is to keep the MC aware of the need for this type of ministerial funding*

### **Annual Report**
